

Regal Care Bathrooms

Welcome

Rediscover the pleasure of Bathing, again.....

A warm welcome from Regal Care Bathrooms, where we believe everyone should be able to bathe in comfort and safety. As the market leader in the North West of England and North Wales in walk in baths and easy access showers, we take care of everything you need to enjoy a pleasurable bathing experience.

We achieve this by staying true to the principles on which our family-run British business was founded more than 15 years ago. These include offering customers our full support every step of the way and providing solutions that are tailor-made to meet your needs, using only the highest quality, most thoughtfully designed products, many of which are manufactured to exacting standards in Britain. In addition, we ensure a stress-free installation using our professional craftsmen and all our products are backed by our renowned guarantee of satisfaction.

You don't have to take our word for all this as we happy to share with you the many letters of thanks and gratitude that we regularly receive from our satisfied customer. What's more, you'll soon discover than in addition to providing so much pleasure and satisfaction, our highly desirable designs will add a truly luxurious touch to your bathroom.

This brochure will introduce you to our extensive range of assisted bathing products and demonstrate the support and service we offer all our of our customers. To find out more and discover how we can help you, please call our friendly team today.

We look forward to being of service to you.

Director

Regal Care Bathrooms

The Complete Bathroom Solution

At Regal Care Bathrooms everything we do is carefully considered. From new designs and the latest materials to our stress-free installation and the highest levels of aftercare, we offer a complete package that makes bathing a pleasure for everyone. We're well respected throughout the country mainly because of our honest approach towards assisting you in the selection of your new bathroom.

A shower, bath or complete bathroom installation from Regal Care Bathrooms offers many innovative features that are practical, aesthetically pleasing, and designed to meet your needs now and in the future. As proven by many thousands of customers across the country, our thoughtfully designed, luxurious bathrooms not only meet the bathing needs of the whole family but are also a fabulous addition to any home.

Survey

Proposed Layout
Scale 1:20

Regal Care Bathrooms are able to offer a free of charge no obligation survey service to our clients adapted bathroom requirements.

Regal Care Bathrooms has a team of CRB checked experienced surveyors that have a sound understanding of a client's needs and have access to thousands of product ranges, which enables us to promote fit for purpose products and deliver best value to our customers.

The Regal Care Bathrooms ethos is to ensure that the showering or bathing area is as large as practical, whilst maintaining easy access to the shower or bath and all other facilities within the bathing environment.

For more information on our adapted bathroom survey service or if you have a question about our range of specialist bathroom equipment, please contact us.

Design

Regal Care Bathrooms are able to offer drawings for every bathroom we design for our clients.

Our state of the art software systems are the best available, this ensures our recommendations are always the clearest and best that can be offered.

We are able to prepare drawings of the bathroom in 2D and 3D along with a proposed list of items required, together with our support, where required.

Our 3D images provide clients with a clear understanding of how their new bathroom will look after in the installation.

Walk In Showers

Wet Rooms

Our cleverly concealed, underfloor waterproofing system complements the wet room design.

Completely sealed and watertight, it includes an under-floor shower tray that collects and drains the shower water and allows your floor to be tiled however you want to give you a luxurious, fully tiled bathroom.

Our system comes with a lifetime guarantee against leaking to give you complete piece of mind. When combined with any glass shower screen or enclosure you can achieve a stunning wet room that provides style and practicality for all of the family.

Features:

- Fully waterproof wet room with lifetime guarantee
- Suitable for all floor types, upstairs or down
- Modern safety showers available for the whole family
- Freestanding slip-resistant seat for easy temporary use
- Concealed high flow drain
- Walk-in enclosures with the reassurance of safety glass

Walk In Showers

Low Profile Shower Trays

When you need level access showering but don't want a wet room, the recess-fitted Shower Tray is quick and easy to fit with minimum disruption.

When combined with a walk-in glass screen you can enjoy both elegant style and ease of use, with the added reassurance of a slip-resistant surface.

Features:

Walk-in toughened safety glass screen

Easy to use safety shower for a relaxing and refreshing even temperature

Discreet comfort seat offering style and safety

Slip-resistant shower tray for a trip free entry

Chrome finished accessories

Stylish and easy clean

Suitable for all floor types, upstairs or down

Available with a full range of shower screens.

Walk In Baths

The Aqua Walk In

The Aqua walk in is a conventional full-length bath, but with the advantage of the added walk-in facility. The easy access door opens inwards in left or right hand options to ensure optimum use of bathroom space.

Features

1500mm and 1700mm sizes available
Battery backup as standard
26 Stone (165kg) lifting capacity
Smooth easy clean surfaces
Extra deep bathing depth
Left or Right hand configuration

Options

Colour
Air spa
Additional front panel
Additional end panel
3" Lever bath taps

The Aqua Plus

The Aqua walk in series 2 is a conventional full-length bath, but with the advantage of the walk-in facility provided by a door, and a powered seat to assist in safe raising and lowering. The easy access door opens in left or right hand options to ensure optimum use of bathroom space.

Features

1500mm and 1700mm sizes available
Smooth easy clean surfaces
Extra deep bathing depth
Left or Right hand configuration
Anti-Slip finishes
Low entry step for easy entry or exit

Options

Colour
Air spa
Additional front panel
Additional end panel
3" Lever bath taps

Walk In Baths

The Aqua Professional Series 1 & 2

The Aqua Professional Series 1 bath comes complete with a built in seat lift, operated by a convenient hand control. It is the deepest bath of its kind and offers a range of options from a child care seat to a support strap and nursing arm for additional support. The Aqua Professional Series 2 power bath is available with power traverse to allow the user easy access in and out of the bath allowing them to retain their independence.

Features

- 1500mm and 1700mm sizes available
- Battery backup as standard
- 24 Stone (150kg) lifting capacity
- Smooth easy clean surfaces
- Extra deep bathing depth
- Left or Right hand configuration

Options

- Hydrotherapy 6 jet whirlpool or jet spa
- Child seat
- Nursing arm
- Transfer chair
- Separate WRAS compliant shower

The Aqua Professional Series 3 complete with leg lifter is unique amongst power baths. Usually the user or carer struggles to lift legs over the side of the bath during entry or exit. The leg lift eliminates this problem by gently raising the user's legs on a moulded pad, offering full support. In addition, it offers safety by keeping the bathers legs clear of the bath at all times, whilst allowing easy access and exit.

Features

- 1500mm and 1700mm sizes available
- Battery backup as standard
- 24 Stone (150kg) lifting capacity
- Smooth easy clean surfaces
- Choice of folding armrests
- Extra deep bathing depth

Options

- Colour
- Hydrotherapy 6 jet whirlpool
- Child seat
- Nursing arm
- Transfer chair
- Separate WRAS compliant shower

Walk In Baths

Ennerdale

The Ennerdale walk-in bath is designed to fit in the space of a traditional bath but its generous depth allows for a more comfortable bathing experience. The integral seat also ensures a more upright position for the bather.

Technical Information:

Capacity: 350 Litres

Dimensions:

Length: 1200mm

Width: 710mm

Height: 1015mm

When should you consider this model:

When seated bathing is preferred for added comfort

When a conventional bath is being replaced

When a low-entry step is required for easy entry

Coniston

The Coniston offers an easy-access, walk-in bathing solution. Its integral seat also ensures a comfortable upright position for the bather.

Technical Information:

Capacity: 285 Litres

Dimensions:

Length: 1245mm

Width: 660mm

Height: 950mm

When should you consider this model:

When seated bathing is preferred to conventional bathing

When a low-entry step is required for easier entry and exit

When space is restricted, necessitating an inward-opening door

Walk In Baths

Ullswater

The Ullswater is ideal for smaller bathrooms, the Ullwaster compact walk-in bath is designed to retain full bathing when space is at a premium. The Ullswater has a push-button door lock, inward opening door and is available with air spa.

When should you consider this model:

When space is limited or a new bathing area is created
When there is insufficient clearance for an outward-opening door
When seated bathing is preferred for added comfort

Technical Information:

Capacity: 242 Litres
Dimensions:
Length: 980mm
Width: 660mm
Height: 960mm

Windermere

The Windermere, although half the size of a traditional bath, the Windermere still has a water level twice as deep, making the most smaller spaces. The Windermere has a secure side entry mechanism, outward opening door, external locking mechanism and is available with air spa.

When should you consider this model:

When space is limited or a new bathing area is created
When seated bathing is preferred for added comfort
When there is sufficient space for an outward-opening door

Technical Information:

Capacity: 173 Litres
Dimensions:
Length: 950mm
Width: 660mm
Height: 950mm

Walk In Baths

Talis

The Talis easy access bath is an innovative design developed with white, black, red walnut and oak panels to suit your decor. The bath offers the option of an ultra low threshold allowing you easier access. A rectangular model can be supplied with or without bath screen

Features:

Option shower screen available

Choice of panel colours

Battery back up in case of power failure supported by an audible alarm

Water sensor ensures the door remains inactive until water has passed

below a certain level

Easy twist pop up bath waste or overflow fill (optional)

Dimension:

Length: 1700mm

Width: 750mm

Depth: 583mm

Walk In Baths

Valens

Features:

Fully formed acrylic bath tub with a separate operating glass door and bath screen

Easy twist pop up bath waste or overflow fill (optional)

Battery back up in case of power failure supported by audible alarm

Water sensor ensures the door remains inactive until water has passed below a certain level

Soft gel headrest (optional)

The Valens modern easy access bath gives you the choice to upgrade your bathroom to an easy access bath without losing the style and finesse that all people want to achieve.

This product has a fully moulded front panel with a detachable plinth for access.

This is easy removed due to the development of a magnetic system rather than clips and mirror screw fixings.

It is ideal for either bathing or showering.

Dimensions:

Length: 1700mm

Width: 750mm (widest point 945mm)

Depth: 583mm

Aquaclean 8000 Plus Care

Perfect for those who wish to maintain independence and privacy in the bathroom, the Aquaclean 8000 plus care shower toilet by Geberit combines all the functions of a conventional WC and bidet with the comfort of warm air drying.

Gentle, Invigorant Shower

The shower arm extends from its protected position and a gentle, oscillating spray of fresh, warm water washes thoroughly, before gradually cooling for a refreshing feeling.

Warm and dry

Once washing is complete, the Aquaclean 8000 plus care gently and quietly dries with a flow of pleasant warm air.

Drying

Once finished, the retracted shower nozzle is soaked and rinsed with fresh water and disinfectant before and after each use, this ensures spotless cleanliness at all times.

Features

With oscillating and pulsating spray mode for thorough and gentle cleaning
Warm water Lady Shower supplied through a separate water feed to eliminate the risk of cross contamination

Dryer fully extendable with ultimate duration to suit you

Adjustable spray arm position to suit seating position

Air purification to neutralise odours

Disinfected shower nozzle for high standard of hygiene

Remote control for individual adjustments

Hands-free remote for touchless operation

Individual temperature adjustment

Automatic flush, remote flushing

Heating

To compliment the complete bathroom solution that Regal Care Bathrooms offer, we also have a full range of heating systems to keep your new bathroom warm.

Underfloor heating as well as helping to heat the room, assists in keeping tiled wet floor areas dry, which in turn reduces the risk of slipping.

Chrome radiators amongst other accessories also finish the bathroom off as well as having somewhere to dry towels quickly after use. Chrome radiators can also heat towels before use to provide a warm drying sensation.

Aprés™ Body Dryer

Towel drying can cause all sorts of issues for people with limited mobility or sensitive skin. Why dry with a towel? When you could enjoy the luxury of a complete head to toe drying sensation.

The Aprés™ Body Dryer is simple to use and is easily operated by a pressure switch which can be conveniently positioned on the floor or the wall.

The Aprés™ Body Dryer provides a unrivalled drying experience, enclosing the user in waves of warm air that assist to relax sore joints and sooth skin.

Did you know that using the Aprés™ Body Dryer daily reduces lime scale and mould in your shower?

Using the Aprés™ Body Dryer everyday, you will naturally reduce your laundry, in turn the environment will benefit from less contamination of harmful soap detergents to our oceans.

The daily cost to operate the Aprés™ Body Dryer is minute. The Aprés™ Body Dryer is environmentally friendly, hygienic and more economical than using a towel.
